

Project:	House Extension
Sector:	Housing
Location:	Cossington, Leicestershire
Client:	Private
Approx Value:	£375,000

The project was the extension of an existing dwelling in Leicestershire.

The works consisted of a considerable extension of the kitchen and lounge including new pitched roofing and external works to the courtyard,

Designed in conjunction with HSSP Architects and Lewis and Hill of Leicester, the finished extension is of a stunning and opulent open plan design complete with exposed beam work. GNA's expertise as cost consultant and quantity surveyor for the project ensured costs were controlled throughout; allowing the client full control of their budget to ensure they received the best value for money.
