

Project:	Various Party Wall / building surveying
Sector:	Commercial
Location:	Nationwide
Client:	Wetherspoon Plc
Approx Value:	Negotiated

As one of their retained specialist consultants, we have a long-standing relationship with J D Wetherspoon. As part of their project team we contribute to the delivery of new developments with minimum disruption to adjoining businesses.

Dilapidations assessments undertaken once sites have been identified allow repair schedules to be incorporated into the project re-design specification. Thereafter, our negotiation of Access Agreements and resolution of issues arising under the Party Wall Act can be critical to on-time completion

Party Wall Act and access negotiations recently concluded include sites ranging from New Malden, Newbury, Thetford, Ruthin (Wales), and Middlesbrough..
