

Project: **National Ice Centre**  
 Sector: **Leisure**  
 Location: **Bolero Square, Lace Market, Nottingham**  
 Client: **National Ice Centre Ltd**  
 Approx Value: **£200,000**

The Nottingham Ice Centre is the UK's foremost performance venue and Olympic ice skating centre, and is also home to the GB short speed skate team.

GNA have been appointed CDM-C, cost consultant and contract administrator on phase 1 of NIC's much anticipated upgrade.

Works are to include the construction of a new main entrance and store room as well refurbishment to the existing shop and platinum suite.

Further works will include the construction of new access to the rink, a new secure lobby, a new bridge link at the second tier level.

Estimated at approximately £200,000, the work is scheduled to start in June this year, GNA are working in collaboration with Welham Architects, who were involved in the original construction of the Arena in 2000.
