**CATSUP Ltd**  
**£6.5m**

The 210 Unit student accommodation is located on Russell Street, in the centre of Nottingham.

The build consists of a mix of studio apartments and en-suite study bedrooms, arranged in 4, 5 and six room clusters each with their own kitchen/living/dining space

Constructed in two four-storey blocks - one L-shaped and one rectangular - the scheme is of a lightweight steel frame construction with pre-fabricated brick panel cladding removing the need for scaffolding and speed up the build without compromising on quality.

GNA was appointed in a QS and clients agent capacity.
