6th Form Centre Extension
Education
Sutton-in-Ashfield, Nottinghamshire
Quarrydale Academy
£420,000

Assisted by GNA Surveyors in the Condition Improvement Fund bidding process; Quarrydale Academy were successful in obtaining funding for the 2 storey extension to their existing 6th Form building.

The extension created 4 new classrooms; including a specialist IT suite on the first floor and is fully DDA compliant with an access ramp and lift installation.

Constructed over 34 weeks, the extension is constructed with traditional load bearing masonry and steel support finished with a monopitch flat roof and a combination of facing brickwork and painted external render to the exterior.
